Job Mentor Program

Office: (505) 767-5898

cabq.gov/family/crei/jobs-internships

JMP at Rio Grande gives students an opportunity to learn skills that bridge the school environment and the workplace.

In this program, students:

- serve in community internships, job shadow, and work assignments while receiving mentorship from the teacher.
- gain knowledge on areas of interest for possible college and career choices.
- acquire real-world experience through coaching on skills, etiquette, behavior and the knowledge required to successfully transition to professional settings.
